A TRUTH IN THE MAKING - A TRUTH TO BE BELIEVED

Students overjoyed at Chitwan National park. A life time reminiscence.

Message from the corporate desk

Dear Students, Parents and Well-wishers,

With the modern concept of globalization serving in every nook and corner of the world, academic pursuit of students is becoming more challenging in Nepal as they strive seeking for the right institution among many, inside and outside the country. To encourage them find the best seminary for their further studies, BWIC facilitates every student with holistic educational values that instills in them the feeling of universal humanity, which is undoubtedly the essence of education. As per the demand of time, BWIC designs various co-curricular activities to serve as a platform for the students to explore their innate abilities. As the quotation of Eleanor Roosevelt runs, "The future belongs to those who believe in the beauty of their dreams", at BWIC we nurture your dreams of becoming the best among all, make it more prominent and consistently oversee your daily schedules with a zeal to ensure that you reach out to your goal of a secured and career-oriented future aligning with your dreams.

We believe BWIC, a team of intellectuals, time tested educators and cordial administrative personnel, will solemnly discharge their duties and responsibilities to ensure a congenial environment for every student to flourish in every manner. At BWIC, we endeavor to delve deeper into the true purposes of education by opening doors of opportunities for our students to stay positive and inspired to acknowledge every possible challenge that come across and to tactfully cope up with them. Finally, we would say that one should always follow their bliss, blaze new trails and explore the potentialities. We appreciate your rational inputs and suggestions for change.

We heartily welcome you all to the small world of BWIC.

Where responsibility becomes commitment.

Message from principal

Dear All,

I take an immense pride and delight to address every prospective individual who aspires to be connected with BWIC team with a mutual understanding to hit the target. 'Rome was not built in a day,' neither was Bridgewater International College. The foundation of BWIC is based on the integrity and solidarity of like-minded scholars who have been entrusted with the hope and trust of students, guardians, parents and well-wishers since 2010.

We have excelled academically each year with the intake of excellent students. The claim for having been the best is proved with the admission of the best students, who have exemplified our statement with their best academic results. Moreover, extra-curricular activities have also been the core interest of students which Bridgewater furnishes for promoting their true sportsmanship. So, I personally believe that every student is valued and treasured here at BWIC. A great team of faculties not only instill in them the enthusiasm of learning but also inspires the students become embodiment of discipline and behavior. As a result, our institution today has been transformed into a model of peaceful learning center.

Bridgewater is ever ready in accomplishing tasks with the helping hands of our invaluable parents and guardians to help our students excel in anything that they wish for. I assure you all that BWIC shall leave no stone unturned in bringing the best out of your wards.

Looking forward to being entrusted in what we do.

Lila Raj Bimali

Where experience becomes inspiration.

Operational team

Together, we are an ocean.*

Introduction

A glance on Bridgewater International College

Founded by a team of visionary academicians in 2010 with an aim to impart world-class education to the prospective students in the nation in order to cater and nurture their potentialities in the diverse arena of the educational world, Bridgewater International College (BWIC) always believes in delivering the best since its inception. To add glory to what we offer to students, we apply the participatory approach that promotes involvement of students and for continuous mentoring of them by our team of proficient and expert faculties.

All the academic +2 programs of Bridgewater are affiliated to Nepal Education Board (NEB) under the Ministry of Education (MoE).

**WHERE
INDIVIDUALS BECOME
COMMUNITY**

Our Philosophy

Mission

Our sole mission is to deliver optimum quality education to accelerate the pace of educational sector. This is how we can generate productivity and efficiency from the BWIC members, who shall contribute for the overall progress of the nation in the days to come. Furthermore, we strongly believe in the notion of 'creating new dimension in education'.

Vision

Bridgewater envisions to introduce the largest, the most practical, innovative and productive educational network in the country with collective involvement of national and international collaboration.

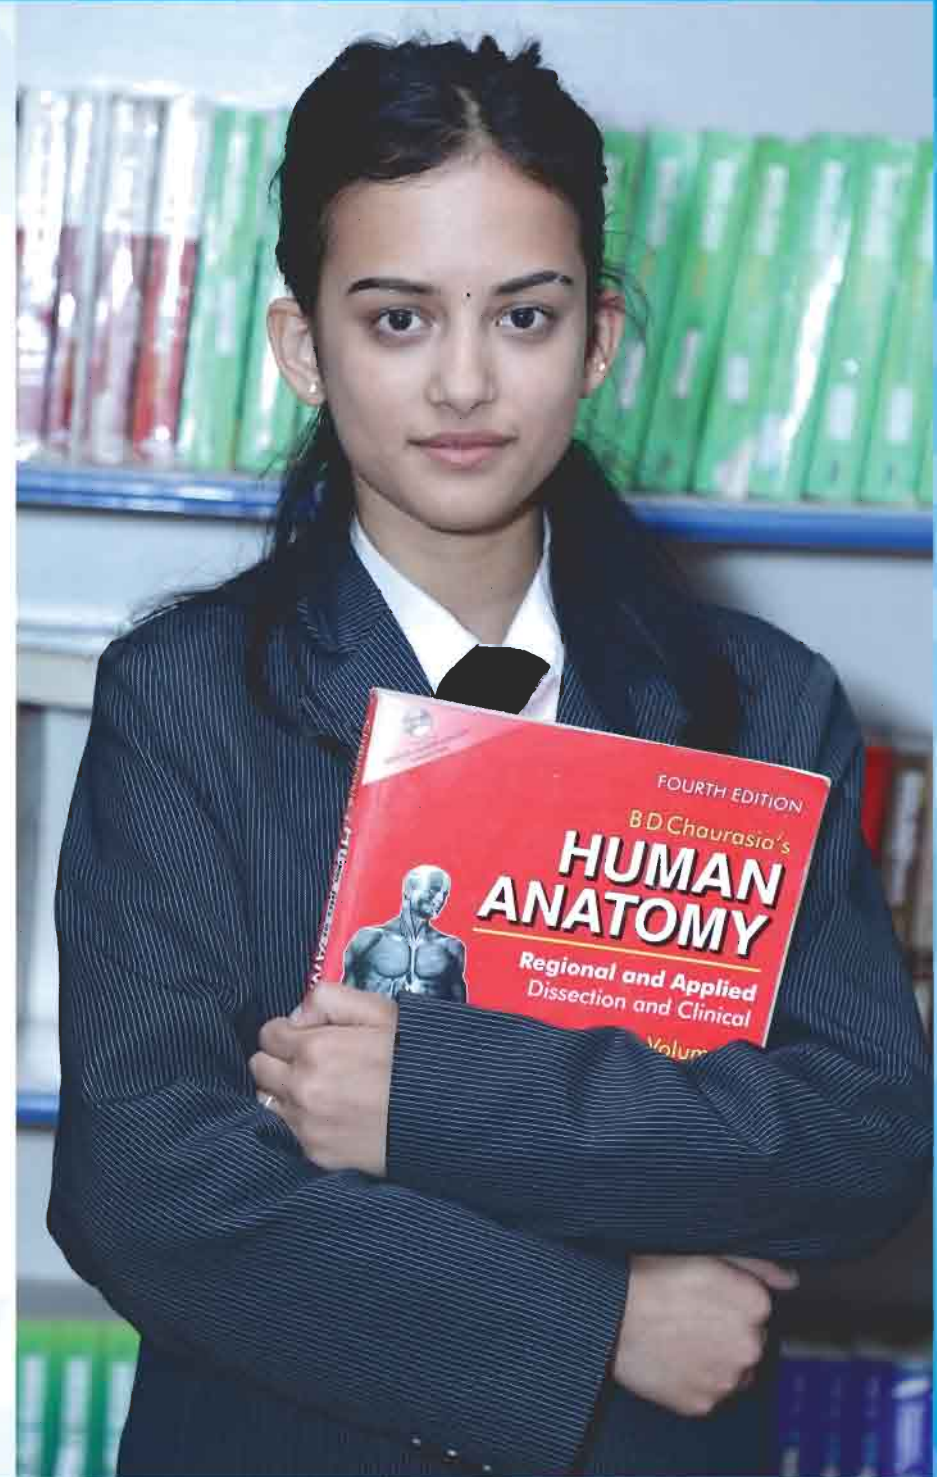

Belief

Bridgewater believes that every mind is a separate knife made up of the same steel. The difference among them is derived from their sharpness, not merely being measured by the dissemination of bookish knowledge but by life experience as well. We are not convinced by only helping every pupil become successful, but in making them capable, so that they can handle even defeat of life gracefully: learn from it and strive to win at the end.

Our Key Aims

- ⌘ To achieve academic brilliance.
- ⌘ To pave a way to bridge the differential gap of national and international educational system.
- ⌘ To make use of the latest and the most updated technology to facilitate all levels for a better understanding to execute everything confidently that they have learnt.
- ⌘ To reflect intellectual beauty, creativity and novelty in the performance of Bridgewaterian products.
- ⌘ To collaborate with national and international institutions that have set a bench-mark in the educational field in order to come up with a multi-dimensional and resourceful educational network.
- ⌘ To establish a refined, improved and more scientific approach-based institution, where every student is a priority.
- ⌘ To provide better opportunities to help students set a goal and offer them necessary means and measures to achieve it.
- ⌘ To encourage students to act with free will and exhibit what they feel without any skepticism.
- ⌘ To create a conducive and cozy environment for each student, so that they can thrive in every best possible way.

We want everyone to feel accepted and valued and possess an inherent desire to be part of something greater than ourselves.

Nepali	Marketing
Optional (Any Three)	Optional (Any Three)
Mass Communication	Mass Communication
Economics	Economics
Sociology	Sociology
Hotel Management	Hotel Management
Major English	Major English
Travel and Tourism	Travel and Tourism
Rular Development	Rular Development

Where inquisitiveness becomes informed.

Personality Development Programme (PDP)

Did you ever worry about what you would do at a party? How you would behave? What you would say? Have there been any instances where you just felt like no one understood what you were trying to say?

Bridgewater gives you all the help you need with our comprehensive Personality Development Programme (PDP). Our PDP helps you develop few little things that could make a huge difference to your life and career. We work on your confidence, communication skills, teamwork, creativity and memory to help you look, feel and even think better!

Thinking critically will help you, after graduating from college, to articulate who you are and where you want to go in the life. Think how nice it would be to have a meaningful way to conceptualize and document your personal growth and development over the college-years. The PDP offers a framework for understanding and documenting your cumulative academic and social experience at Bridgewater.

Think how nice it would be to have tangible ways to demonstrate your accomplishments and your potentials to future employers and University staff who you encounter with in the coming days.

“Small things make perfection but perfection is no small thing.” - Confucius

PDP Course Components

Personality Development Programme: from a person to personality!

Bridgewater has, for the first time in Nepal, introduced PDP as an integral part of schooling. The programme identifies the hidden talents in the students, polishes it and offers them opportunities to practice and perform.

Plain academic success is incomplete without essential contextual skills and a good personality. Meanwhile, this programme also helps the students achieve academic success. The PDP is a complete package offered to every student in a personal level with an attempt to nurture his/her dynamism.

Personality Development Programme (PDP) contd...

Components of PDP

- ⌘ Personality Development Seminars
- ⌘ Mentorship Opportunities
- ⌘ Motivational Sessions
- ⌘ Career Counseling Sessions
- ⌘ Participation in Conferences/ Seminars
- ⌘ Public Speaking/Anchoring Training
- ⌘ Presentation Trainings
- ⌘ Shadowing Personalities Opportunities
- ⌘ Fun/Refreshment/Outing Programs
- ⌘ Networking Opportunities
- ⌘ Guest Speakers/Lecturers
- ⌘ Indoor/Outdoor Leadership Training
- ⌘ National/International Exposures
- ⌘ Effective Communication Skills Workshop
- ⌘ Movies/Documentaries Sessions
- ⌘ Internship Opportunities
- ⌘ CV/Report/Paper/Application Writing Workshops
- ⌘ Good Communication Skills
- ⌘ We want everyone to have a passion for their learning, to be ambitious and resilient and have the desire to be the very best that they can be.
- ⌘ We want everyone to be curious about the world around them, be proactive in their learning, divergent in their thinking and confident to question and explore possibilities.
- ⌘ We want everyone to discover their strengths and develop these areas, to exceed their expectations and feel proud and passionate about everything they do.
- ⌘ Participation in a variety of activities is encouraged and celebrated.

Personality begins where comparison ends.

Experience the Real World of Academia at Bridgewater

Teaching Approach

As per the necessity of time, our BWIC scholars have formulated the following strategies for the pedagogical methods that translate our vision of academic excellence into a reality.

Research

Research cultivates inquisitiveness and accelerates the enthusiasm of students as they come across several findings from researched issues. To add more to it, a researched finding is always much better than any textbook that is randomly designed. Our faculties are specialized with intense indulgence in research that helps them deliver classes in the most effective ways.

Field Visit

Apart from practical classes, Bridgewater has also incorporated Field Visits in its curricular activities. It helps students experience a more applied and real picture of the contents than abstract textual lectures on theories presented in the classrooms. Chemical based manufacturers, biodiversity conservation areas, hydropower plants, different industries and factories manufacturing steel, cement and so on including technology-oriented sectors are some of the relevant areas to visit for the field work. The students of Humanities participate in various societal activities organized by NGOs and INGOs and visit media houses to get a clear insight of social engineering and human behaviors.

Project work

In order to resolve highly complex problems, students essentially require to have both fundamental and advanced skills. Implication of technology and effective methods of presentation strengthens the mode of resolution of the problems. With the combination of skills along with the guidelines and mentorship of highly skilled lecturers, students become highly skilled and qualified professionals cultivating their own learning efforts. Inquiry-based learning, experiments, observations and survey projects are the key applied approaches to engage students for the promotion of their ability to investigate, analyze and interpret knowledge.

Experience the Real World contd...

Examinations

We aim at achieving academic excellence and stand firm on our commitments. In order to assess the learning outcomes of students and make further pedagogical strategies, we conduct exams continuously.

Weekly/monthly, Terminal, Pre-Board and Board Exams

We conduct weekly/monthly, terminal and pre-board exams in a regular and systematic pattern to prepare the students for the board exams as a part of broader examination system.

Practical Exams

The college has developed a system to conduct practical exams before each terminal, pre-board and board exams in the subjects like, Physics, Chemistry, Biology and Computer Science.

Pre-Medical and Pre-Engineering Entrance Preparation

The prevailing trend shows that +2 graduates pursuing science stream aspire to get entry into undergraduate courses in Medical and Engineering for which they have to be qualified in the nationwide competitive entrance exams. At Bridgewater, we arrange preparation classes for students from the top-rated subject specialists on a weekly basis from the very beginning of Grade XI to help them qualify for the best scholarships and merits.

Entrance Preparation classes for Management Stream

For the students of Management stream who aspire to pursue career as Chartered Accountant (CA), Bachelors in Business Administration (BBA) and so on are supported with intense preparatory classes by a group of professionals of accountancy and banking sector to prepare for entrance examinations.

Sports

“A true spirit of sportsmanship! Rising higher not for the ball but for the goal.”

Facilities

Hostel

Bridgewater has separate hostels for boys and girls with every modern facility available in the city for boarding. The hostels have their own dining faculty to provide good and hygienic foods to the students as recommended by the college nutritionists. Due to overwhelming demands of students for hostel, hostel accommodation is provided on a first-come first-serve basis.

Transportation

The college provides punctual and comfortable shuttle service from various routes of the Kathmandu valley to the college at cheap and best cost. In any unavoidable circumstances, however, students are expected to manage the means of transportation on their own.

Cafeteria

The spacious and open air cafeteria within the college premises is another prominent feature of BWIC. Our health has direct connection with the foods we eat. Considering this fact, the cafeteria maintains the highest standard of food hygiene. The food menu changes on a daily basis, so that the students get variety, wholesome and balanced diet.
