A TRUTH IN THE MAKING - A TRUTH TO BE BELIEVED

Bridgewater
Cup 2019

Congratulations, team Sainik for championship!

A Glance on Bridgewater International College

Founded by a team of visionary academicians in 2010 with an aim to impart world-class education to students in the nation exploring and nurturing their potentialities in the diverse arena of the educational world, BWIC delivers the best since its inception. Our +2 program contributes to give a new height to the secondary education of the nation preparing students for the university education and real-world issues that they need to deal with in the future. We are delighted to state that BWIC (+2) along with its sister-organizations Academy of Commerce, Danfe College, Bridgewater International School (1-10) and Bridgewater Pre-School (Play Group to UKG) is under the umbrella of Bridgewater Education Foundation & Research Centre.

Our Philosophy

Our Key Aims

- To pave a way to bridge the differential gap of national and international educational system.
- To collaborate with national and international institutions, which have set a benchmark in the educational field in order to come up with a multi-dimensional and resourceful educational network.
- To establish a refined, improved and more scientific approach-based institution, where every student is a priority.
- To ensure intellectual beauty, creativity and novelty in the performance of Bridgewater products.

Mission

To accelerate the pace of educational sector generating productivity and efficiency and contribute for the overall progress of the nation through quality education.

Vision

Bridgewater envisions to introduce the largest, the most practical, innovative and productive educational network in the country with collective involvement of national and international collaboration.

Message from the Desk of the Chairman

Dear Students, Parents and Well-wishers,

With the concept of globalization in the modern world serving in different part of the world is a common phenomenon. For this acquiring the character and strength of a global citizen is the first condition. Education one gets opens the door to this direction.

In this context, academic pursuit of students is becoming more challenging in Nepal as they strive seeking for the right institution, inside and outside the country. To encourage them to find the best seminary for their further studies, BWIC facilitates every student with holistic educational values that instils in them the feeling of universal humanity, which is undoubtedly the essence of education.

Our various co-curricular activities serve as a platform for the students to explore their innate abilities. We nurture your dreams of becoming the best among all, make it more prominent, and consistently oversee your daily schedules to ensure that you reach out to your goal of a secured and career-oriented future aligning with your dreams. Thank you.

Message from the Desk of the Managing Director

A team of intellectuals, time tested educators and cordial administrative personnel, solemnly discharge their duties and responsibilities to ensure a congenial environment for every student to flourish in every manner at BWIC. Our state-of-art infrastructure ensures a serene environment for effective learning. Practical labs, library and e-library help bring world class knowledge at home.

We aim to create pupils that are successful life-long learners, confident individuals and responsible citizens. We want our students to be proud of themselves and their school.

We appreciate your rational inputs and suggestions for change. We heartily welcome you all to the small world of well-managed BWIC. We know that you will enjoy your life at BWIC.

Thank you.

Teaching Approach

Individual Guidance

Few Words from the Principal

Dear all,

I take an immense pride to address every prospective individual who aspire to be connected with BWIC team with a mutual understanding to hit the target. 'Rome was not built in a day,' neither was BWIC. The foundation of BWIC is based on the integrity and solidarity of like-minded scholars who have been entrusted with the hope and trust of students, guardians, parents and well-wishers since 2010 AD.

We have excelled academically each year with the intake of excellent students. The claim for having been the best is proved with the admission of the best students, who have exemplified our statement with their best academic results. Moreover, extra-curricular and co-curricular activities have also been the core interest of students which Bridgewater furnishes for promoting their true sportsmanship. Personal care of the students by the teachers and admin staff helps nurture the inner strength flourish. A great team of faculties not only instill in them the enthusiasm of learning but also inspires the students become embodiment of discipline and behavior. I assure you all that BWIC shall leave no stone unturned in bringing the best out of your wards. Looking forward to being entrusted in what we do. Thank you.

Mr. Tej Shrestha
Principal

Personality Development Program (PDP)

Did you ever worry about what you would do at a party? How you would behave? What you would say? Have there been any instances where you just felt like no one understood what you were trying to say?

Our PDP helps you develop few little things that could make huge difference to your life and career. We work on your confidence, communication skills, teamwork, creativity and memory to help you look, feel and even think better!

**From a person to personality!
Bridgewater has, for the first time in Nepal, introduced PDP as an integral part of schooling.**

PDP opened up my vision about making inroads from person to personality. Thanks BWIC.
